

A complete guide to using MVP of Trava.finance

❖ How to faucet tokens to test pools on Trava.finance?

Step 1. Open <https://app.trava.finance/faucet>

Step 2. Input your wallet address and select the token that you want to faucet

❖ How to create a pool in Trava.finance?

Step 1. Connect your wallet

To create a new pool you need to connect your wallet first.

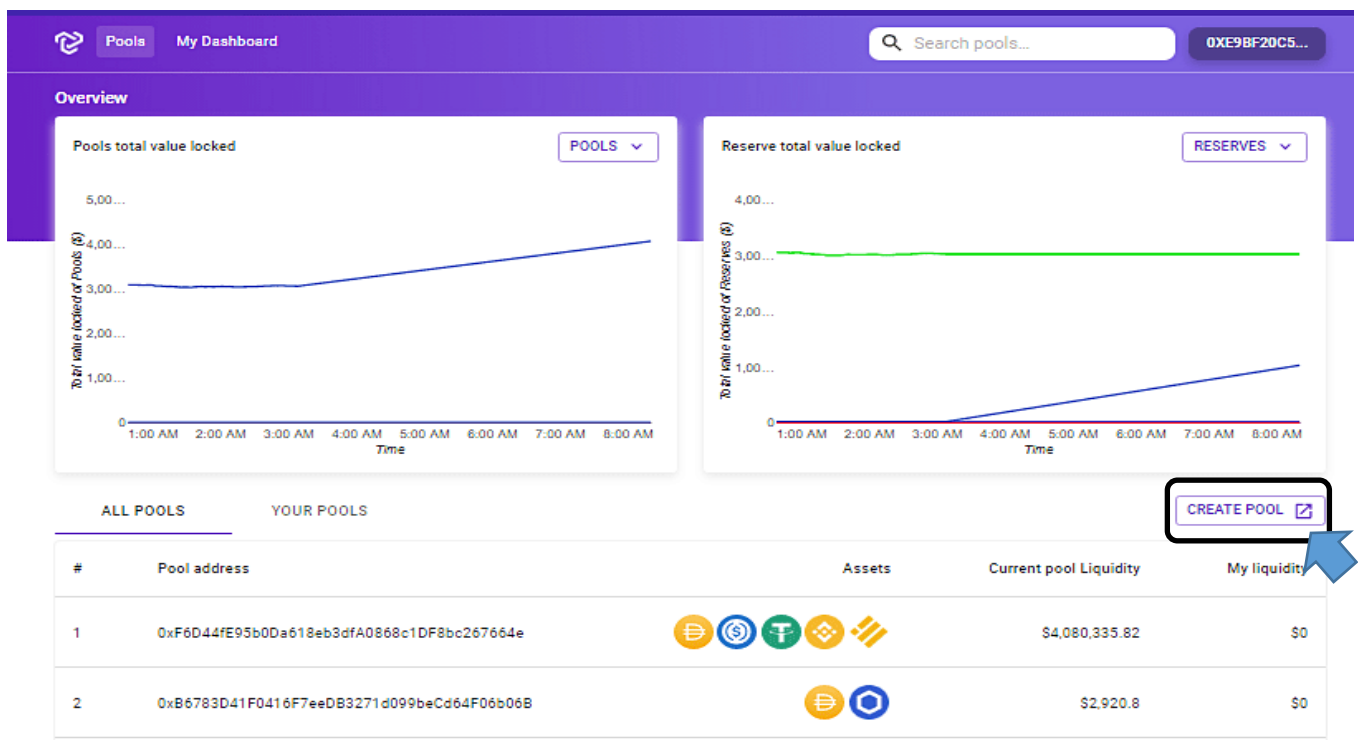

1. Open <https://app.trava.finance/pools>
2. Click **Connect** button in the upper right in the corner to connect your wallet
3. Choose your wallet address and enter your password
4. Make sure you connect with BSC Testnet.

You have successfully connected your wallet to App Trava.finance.

Step 2. Create a pool

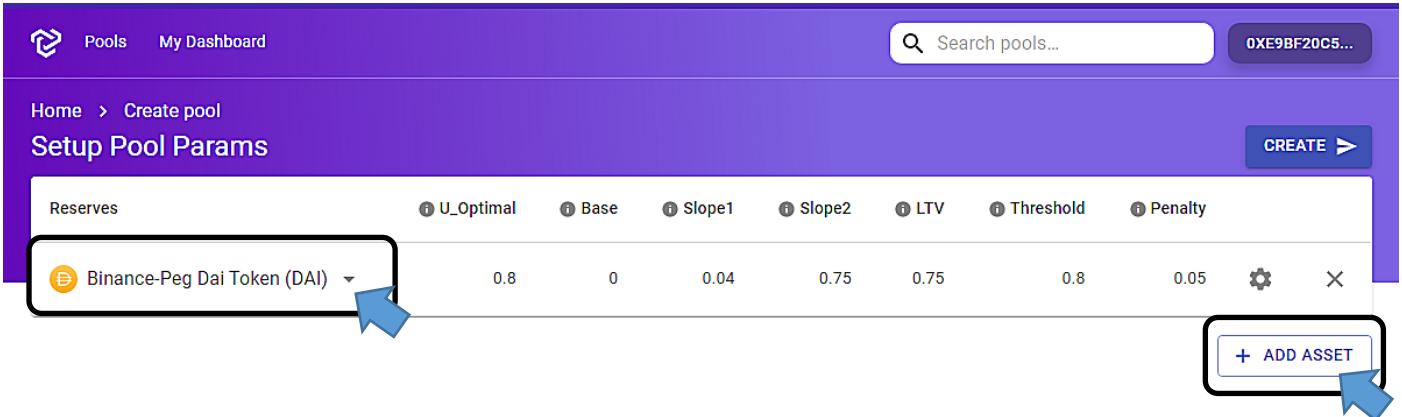

The next step is to create a pool

1. Click **Create Pool**

2. Set up your pool

- a. You can choose another asset or add a new asset to your pool. In the MVP version, you just add 2 assets in a pool.

Home > Create pool

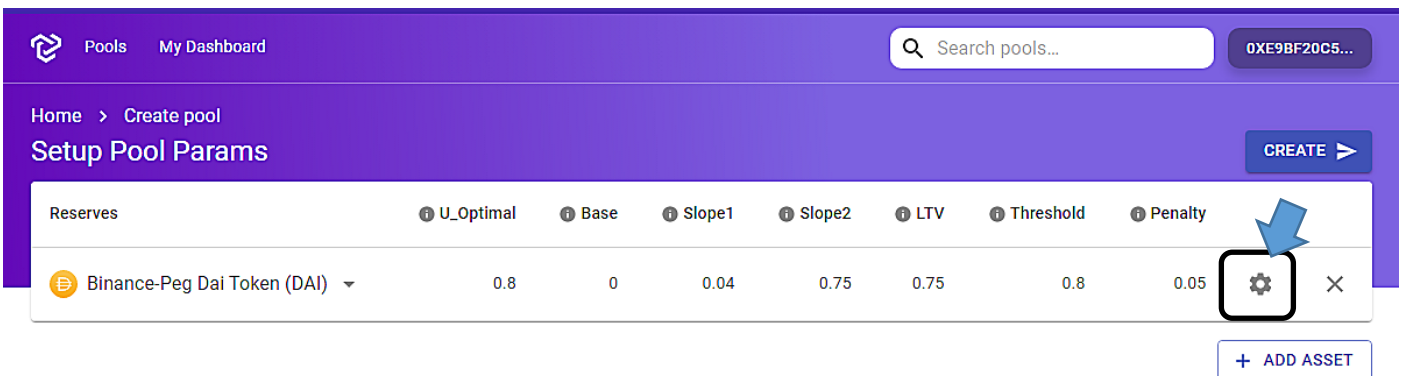

Setup Pool Params

CREATE >

Reserves	U_Optimal	Base	Slope1	Slope2	LTV	Threshold	Penalty	
Binance-Peg Dai Token (DAI)	0.8	0	0.04	0.75	0.75	0.8	0.05	⚙️ ×

+ ADD ASSET

- b. Click  if you want to change parameters of the asset. Each asset in your pool has specific values to their risk, which influences how people are loaned and borrowed, especially, how much profits pool owners will receive. Then click **OK**.

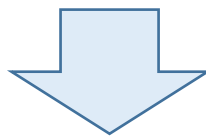

Home > Create pool

Setup Pool Params

CREATE >

Reserves	U_Optimal	Base	Slope1	Slope2	LTV	Threshold	Penalty	
Binance-Peg Dai Token (DAI)	0.8	0	0.04	0.75	0.75	0.8	0.05	⚙️ ×

+ ADD ASSET

Setup Binance-Peg Dai Token params

Search pools...

0XE9BF20C5...

Home > Create pool

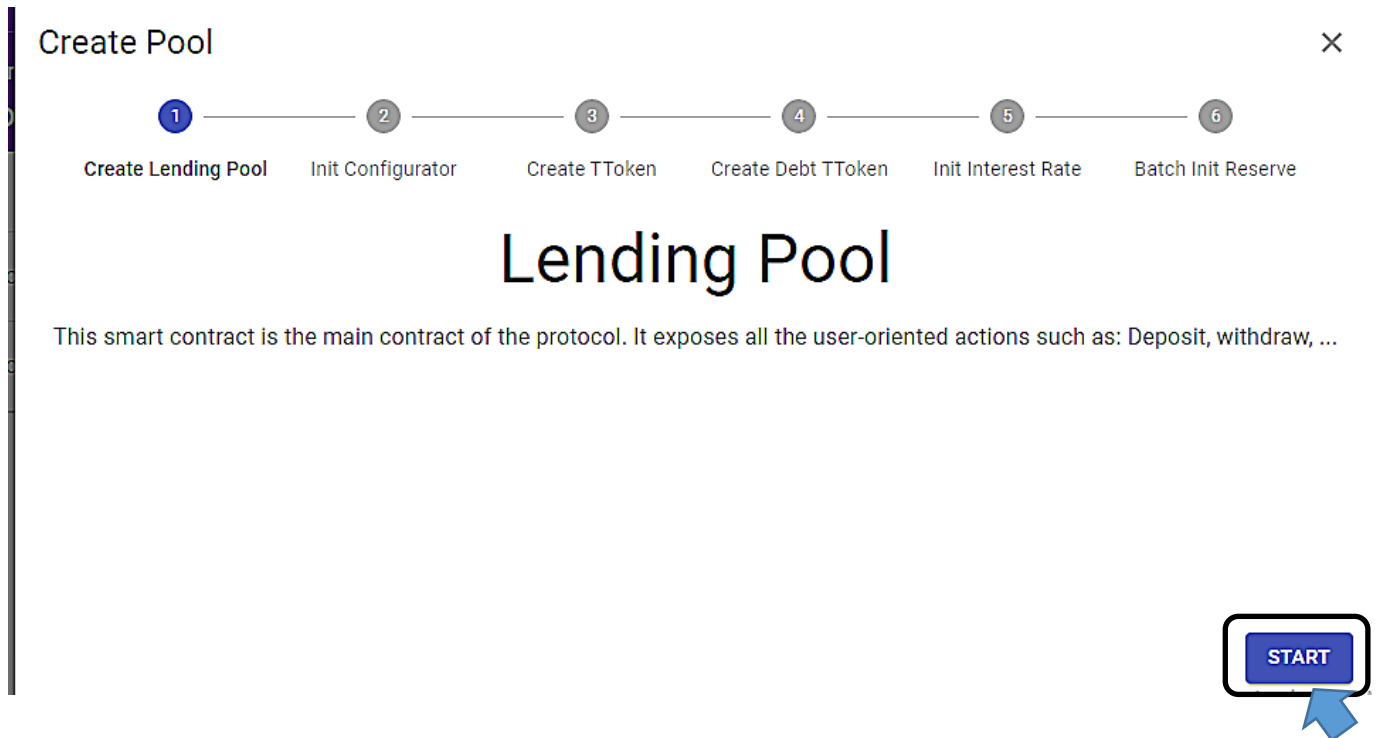

CREATE >

Setup Pool Params

Reserves	U_Optimal	Base	Slope1	Slope2	LTV	Threshold	Penalty		
🪙 Binance-Peg Dai Token (DAI) ▼	0.8	0	0.04	0.75	0.75	0.8	0.05	⚙️	✕
🪙 Binance-Peg USD Coin (USDC) ▼	0.9	0	0.04	0.6	0.8	0.85	0.05	⚙️	✕

+ ADD ASSET

Then, the screen appears like this following picture, you click **Start** button to complete 6 points and finish lending pool creation.

Congratulations! Now you own a lending pool in Trava.finance.

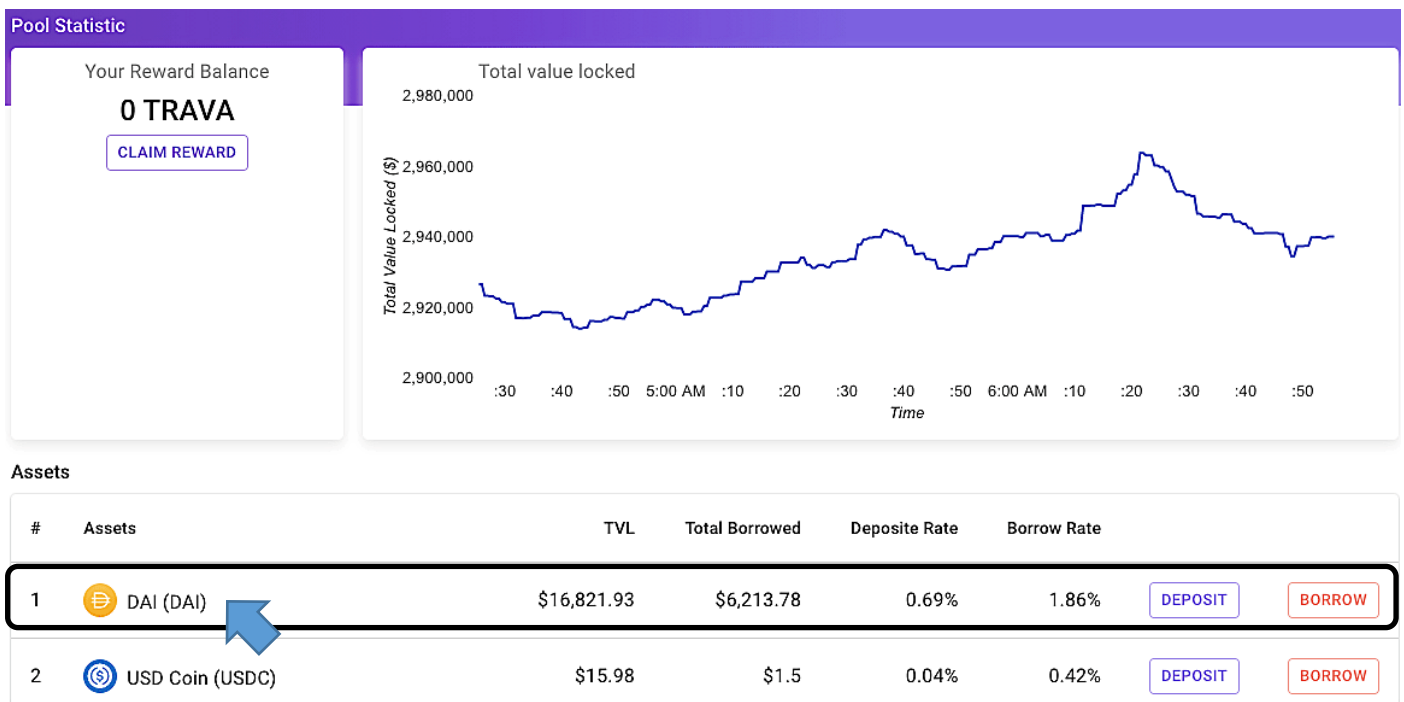

❖ Interact with a pool on Trava.finance

• Deposit an asset in a pool

1. Open <https://app.trava.finance/pools>
2. Choose a pool address which has an asset you want to deposit

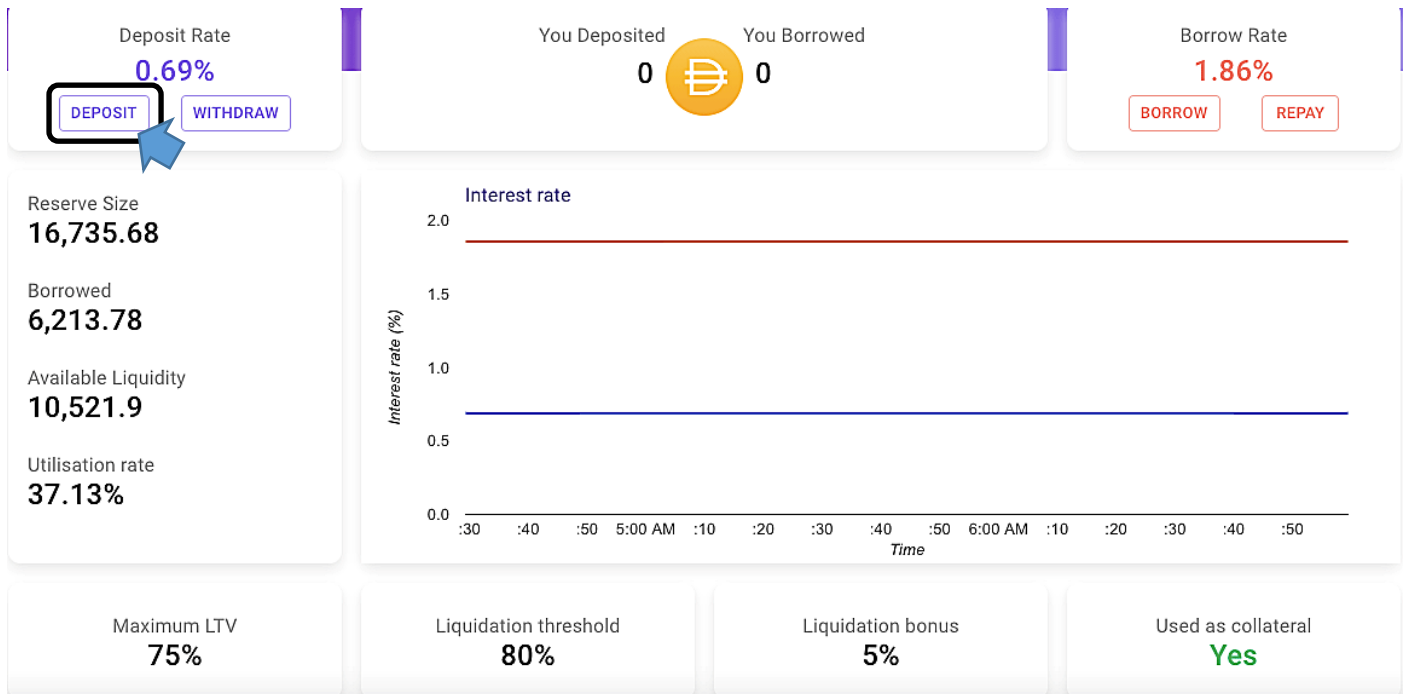

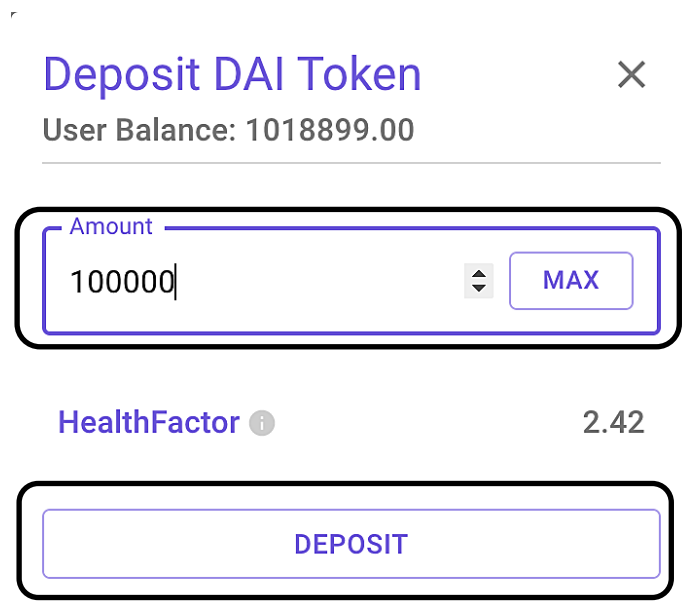

ALL POOLS		YOUR POOLS	CREATE POOL 	
#	Pool address	Assets	Current pool Liquidity	My liquidity
1	0xF6D44fE95b0Da618eb3dfA0868c1DF8bc267664e	    	\$2,930,995.27	\$0
2	0xB6783D41F0416F7eeDB3271d099beCd64F06b06B	 	\$2,832.92	\$0
3	0x875365A66299f8db5dFcA1BcaBA470a8d8D5257B	 	\$0	\$0
4	0x24c9767E9E1427df4E4B9c4E7705f2c2f19dB1aD	  	\$17,516.15	\$0

3. Click **Asset** which you want to deposit

4. Click **Deposit**

- Enter amount of your asset
- Then, click **Deposit**

The "Deposit DAI Token" modal shows the following details:

- Title:** Deposit DAI Token (with a close button)
- User Balance:** 1018899.00
- Amount:** 100000 (with a "MAX" button)
- HealthFactor:** 2.42 (with an information icon)
- DEPOSIT** button

5. Your wallet notification will appear, you check again the total amount and gas fee. If they are right, click **Confirm**.

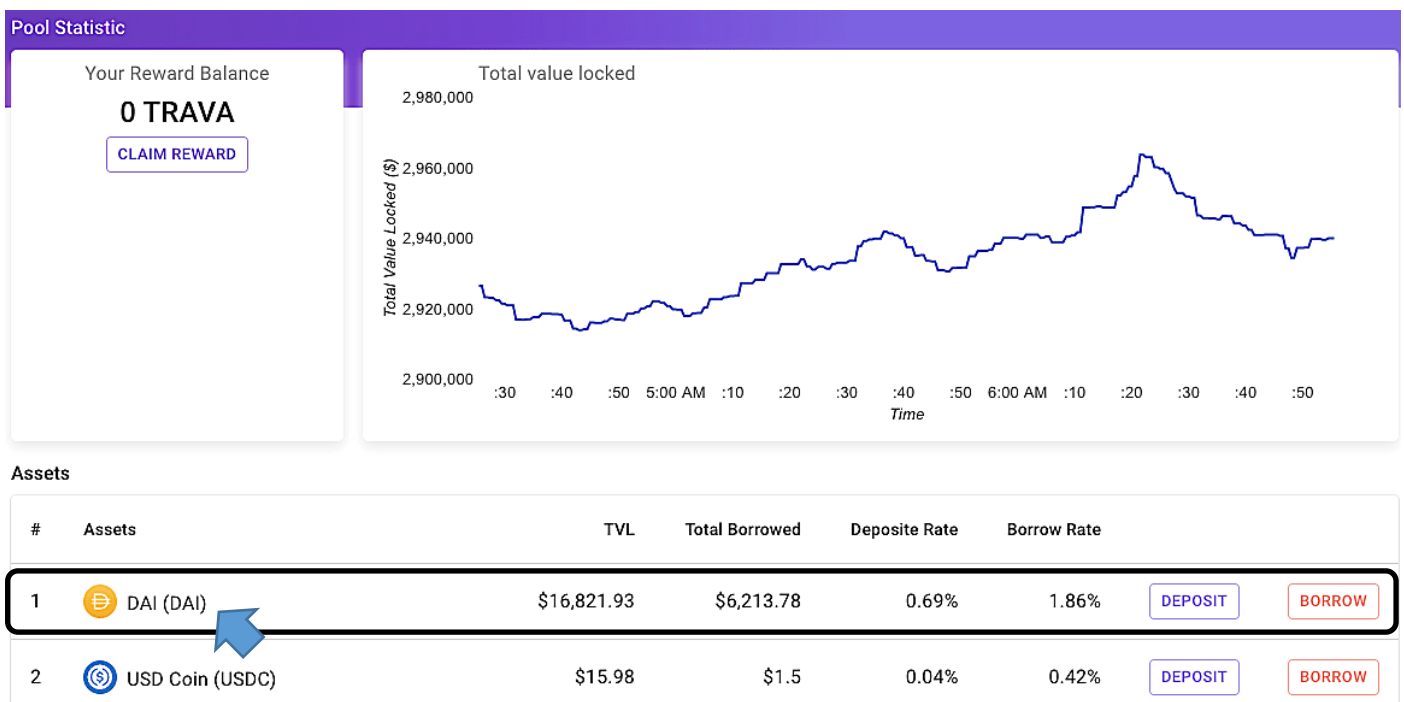

That's it! Now you can see **Your Deposited** on the screen. If you want to deposit more than 1 asset, you can do it similarly.

• Withdraw an asset in a pool

1. Open <https://app.trava.finance/pools>
2. Choose a pool address which you deposited

ALL POOLS		YOUR POOLS	CREATE POOL
